2 General Comments

Dynamic Spectrum Alliance¹ (DSA) appreciates the opportunity to comment on the revised regulatory framework for 5 GHz WAS/RLAN. We welcome the update of ECC DEC (04)08, in particular the decision to allow limited outdoor deployment in the 5150-5250 MHz band.

3 Proposals related to Draft ECC DEC(04)08

Please see the following table:

¹ The Dynamic Spectrum Alliance is a global, cross-industry alliance focused on increasing dynamic access to unused radio frequencies. The membership spans multinational companies, small- and medium-sized enterprises, academic, research, and other organizations from around the world, all working to create innovative solutions that will increase the utilization of available spectrum to the benefit of consumers and businesses alike. A full list of the DSA members is available on the DSA's website at www.dynamicspectrumalliance.org/members/.

Comment number	Section number Clause	Paragraph Figure Table	Type of comment (General, Technical or Editorial)	Comment	Proposed change
DSA/1	Annex 1	Table 1	General	Clarify that the conditions specified for WAS/RLAN use inside cars are meant to apply to WAS/RLAN equipment installed inside cars.	1) Replace 'Indoor, including use inside road vehicles, [...]' with "Indoor, including installations inside road vehicles, [...]" 2) Replace '200 mW except for use inside road vehicles [...]' with '200 mW except for installations inside road vehicles [...]'.
DSA/2	Annex 1	Table 2	General	Clarify the following text on user access restrictions: "This includes not allowing the user to change the country of operation and/or the operating frequency band if that results in the equipment no longer being compliant with the DFS requirements and not accepting software and/or firmware which results in the equipment no longer being compliant with the DFS requirements".	Replace with: "This includes a) not allowing the user to change the country of operation and/or the operating frequency band if that results in the equipment no longer being compliant with the DFS requirements and b) not accepting software and/or firmware which results in the equipment no longer being compliant with the applicable DFS requirements.
DSA/3	Annex 1	Table 3	General	Clarify the following text on user access restrictions: "This includes not allowing the user to change the country of operation and/or the operating frequency band if that results in the equipment no longer being compliant with the DFS requirements and not accepting software and/or firmware which results in the equipment no longer being compliant with the DFS requirements".	Replace with: "This includes a) not allowing the user to change the country of operation and/or the operating frequency band if that results in the equipment no longer being compliant with the DFS requirements and b) not accepting software and/or firmware which results in the equipment no longer being compliant with the applicable DFS requirements.
